

SUNNEX SUNMACH 10

Sunnex Sunmach 10 is a versatile LED task light for industrial applications, and harsh environments. Typical applications are lighting for machining industry and inspection.

LED-technology delivers low energy consumption and long service life as well as high vibration durability and virtually no radiated heat in the light beam.

Fitted with a 36° degree beam angle, IP65 dust and water protection. Handle and switch on the lamp head.

The Aluminum lamp-head and rugged arm make it usable in a variety of industrial and professional environments. It can be supplied with an external plugin adapter for 230V, the adapter's protection class is IP44.

Custom versions available upon request

Features include:

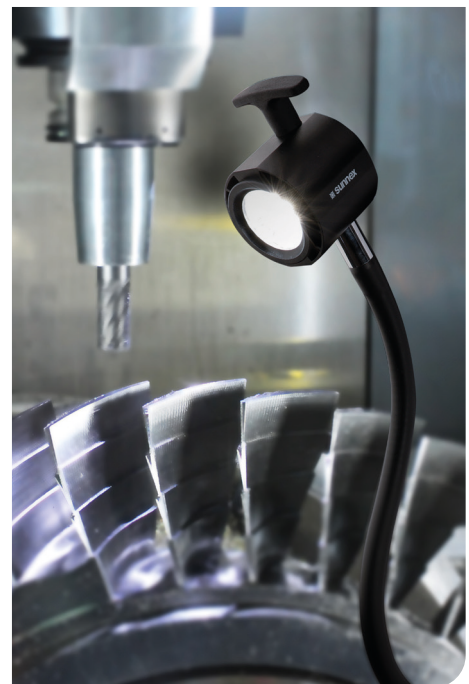

- Arm length 50cm with rotational swivel joint
- IP 65
- 12-24V AC/DC
- AC/DC-Adaptor 100-240/24V IP44, available as accessory

Applications:

- Industrial applications
- Machining industry
- Inspection & reading

Benefits:

- Low power consumption
- Low heat emission
- Sturdy lamp head in Aluminum
- Flexible arm for precise adjustment

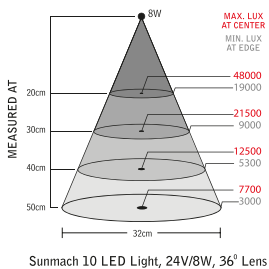

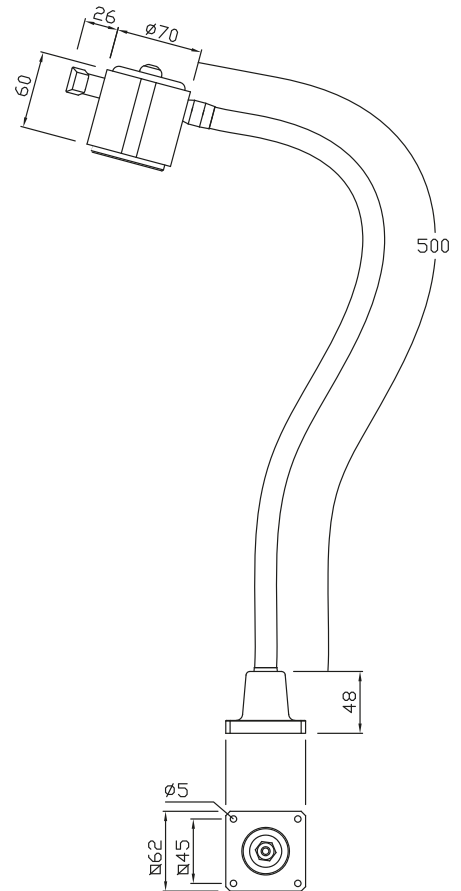

Technical Specification

Supply voltage 12-24V AC/DC 2m cord set (100-240VAC
Plugin AC/DC-Adaptor available as accessory, IP44)

Power consumption 10W
Arm length 500mm
Colour Black
Colour temperature 5 000K
IP-rating IP 65
Protection Class Class III
Beam angle 36°
Light output 800lm, 7500 Lx at 50cm distance
Colour rendering index CRI: 83
Weight 0,8kg
Lifespan >25.000 h

Model	Arm	Connection	Other	Part. nr.
Sunmach 10	500 mm	12-24V AC/DC	IP 65	31270
